In the present statutes, the term “share(s)” (in singular or plural form) includes common shares and preference shares and the term “shareholder(s)” (in singular or plural form) includes both the holders of common shares and those of preference shares.

6.2 Changes to share capital

6.2.1 Increasing share capital

Share capital can be increased by decision of the Extraordinary General Meeting, either through the increase of the nominal amount of existing shares in the event of the capitalisation of reserves, or through the issuing of new shares in the event of new contributions in cash or in kind; in the event of a capital increase in cash, the shareholders benefit from the preferential right of subscription granted to them by law.

Share capital may be increased by a cash subscription only if the former share capital has been fully paid-up.

At least half the nominal value of shares subscribed in cash at the time of an increase in the share capital shall be paid-up and, where applicable, any issue premium payable by the subscribers shall be paid in full.

Payment of the balance of the shares shall take place in one or more instalments, no later than five years from the date on which the increase in share capital is published in the

In the event of the issue of shares that are not fully paid-up at the time of subscription, the Company shall have, in order to obtain payment of the non-fully paid-up and called-up fraction of these shares, the right of enforcement of warranty and of the sanctions provided for respectively by articles L. 228-27, L. 228-28 and L. 228-29 of the French Code of Commerce.

The decision adopted by the meeting must be made public, pursuant to the provisions of articles L. 225-248 and R. 225-166 of the French Code of Commerce.

If losses sustained result in the share capital falling beneath the statutory minimum, it shall be restored to this minimum within the time specified by law (one year) unless, within the same period, the Company has been changed into a Company of another form.

6.2.3 Authorisation to issue

The General Meeting may delegate to the Board of Directors the necessary powers to increase share capital on one or more occasions, pursuant to the provisions of article L. 225-129 et seq. of the French Code of Commerce, by issuing shares or other transferable securities, establishing terms for such issuances, recording their completion and carrying out the related amendments to the statutes.

ARTICLE 7. SHARES

7.1 Rights and obligations attached to all shares

7.1.1 Form of securities

(A) From the moment that they are fully paid, common shares issued by the company are, (subject to the special rights and obligations attached to preference shares), registered or bearer shares, at the discretion of the holder.

- (B)** Preference shares from the company are necessarily registered and cannot be contractually divided.

7.1.2 Identification of the shareholder

- (A)** Whatever their form, shares are recorded in accounts held under the terms and conditions provided for in article R. 211-1 of the French Monetary and Financial Code.

In the event of an agent being designated, the company shall publish a notice in the French Bulletin of Statutory Legal Notices (Bulletin des Annonces Légales Obligatoires) specifying the name and address of this agent.

Shares delivered in bearer form must be held in account by an authorised intermediary.

- (B)** The Company may, under regulatory conditions, request at any time from the organisation responsible for clearing securities, the name or corporate name, nationality and address of the holders of securities conferring immediate or future voting rights in its own Shareholder Meetings, as well as the number of securities held by each of them and, where applicable, the limitations attached to such securities; at the Company's request, the information referred to above may be limited to persons holding a number of securities set by the Company.

7.1.3 Entitlements - indivisibility - social liabilities

7.2 [Reserved]

7.3 Special rights and obligations attached to Class B preference shares

Class B preference shares (PRFB) are preference shares governed by the provisions of articles L. 228-11 et seq. of the French Code of Commerce as well as by the present statutes.

They benefit from the same rights and are subject to the same obligations that are attached to common shares. They also benefit from special rights and are subject to special obligations stipulated in the present article 7.3, which were approved by the Extraordinary General Meeting of 5 February 2020 upon approval by the PRFB holders' Special Meeting of the same day and are therefore in effect since 5 February 2020 (the "**Date of Reference**").

PRFB are convertible into CSO following the terms stipulated in article 7.3.4 below. Until they are converted into CSOs, PRFBs are not admitted to trading on a regulated market and must be recorded in a pure registered account.

7.3.1 Voting rights

PRFB are devoid of voting rights at Ordinary and Extraordinary common shareholders' Meetings, it being specified nevertheless that they do carry voting rights for special meetings of preference shareholders. PRFB holders gather at special meetings for any proposed changes to the rights attached to PRFB. In addition, pursuant to the provisions of article L.228-17 of the French Code of Commerce, will be submitted for approval to all special meetings concerned, any project for the merger or the disinvestiture of the Company within the framework of which it will not be possible to exchange PRFB shares for shares carrying equivalent special rights.

7.3.2 Right to liquidation surplus and right to dividends

In the event of the dissolution of the Company, each PRFB shall entitle the holder to a portion of the liquidation surplus equal to the fraction of the capital that it represents.

PRFB do not entitle their holders to dividend payments.

7.3.3 Pre-emptive subscription right

PRFB are deprived of pre-emptive subscription rights for any capital increase in cash through issuance, immediately or in the future, of common shares or preference shares.

7.3.4 General principles applicable to the conversion of PRFB

(A) PRFB are convertible into CSO:

- (i) at the initiative of each holder during Period 1 in accordance with the terms provided for in article 7.3.5 below;
- (ii) if the possibility of conversion has not been exercised during Period 1:
 - (a) in full on the Final Date in accordance with the terms provided for in article 7.3.6 below or

(b) during Period 2 in the event of Early Conversion B according to the terms provided for in article 7.3.7 below.

- (B) CSO issued as a result of the conversion of PRFB in compliance with the provisions of article 7.3.4(A) above (i) will carry, as of the date of conversion, the same rights and be subject to the same obligations as all Company CSO and (ii) will be entitled to dividends at the date of conversion.
- (C) If the date decided upon for the conversion of the PRFB into CSO, according either to article 7.3.5, or to article 7.3.6 or to article 7.3.7 below is set between the publication in the French Bulletin of Statutory Legal Notices (BALO) of a notice for a General Meeting and the holding of said meeting, then the date of conversion will be postponed until the date and conclusion of said General Meeting.
- (D) Without prejudice to the provisions of articles 7.3.5, 7.3.6 or 7.3.7 below, pursuant to the provisions of article L. 225-12 I of the French Code of Commerce, at the latest during the first meeting following closure of the financial year, the Board of Directors will ascertain, where applicable, the number and the nominal amount of the CSO resulting from the conversion of the PRFB over the course of the previous FY and, if necessary, carry out the necessary amendments to the clauses of the statutes relative to the amount of share capital and the number of shares that compose it.

7.3.5 Conversion of PRFB during Period 1

- (A) From the Date of Reference and throughout Period 1, every holder of PRFB has the possibility of converting all or part of their PRFB into CSO, at B1 Ratio (the "Right of Conversion B"), subject to notifying the Company by recorded letter with acknowledgement of receipt (or any equivalent means) before expiry of the Period 1 (the Notification of Conversion B).

The Notification of Conversion B must include the number of PRFB concerned by the Right of Conversion B. Failing this, the conversion will be irrefutably and definitively presumed to apply to all the PRFB registered in the account under the name of the holder concerned.

The Notification of Conversion B must be addressed, according to the terms set out above, to the head office for the attention of "Pierre & Vacances SA - Legal Division".

- (B) In the event of the exercise of the Right of Conversion B by several holders of PRFB, in compliance with the provisions of article 7.3.5 herein, the conversion of PRFB having been subject to a Notification of Conversion B shall be effective on the first day of Period 2.
- (C) The conversion of PRFB having been subject to a Notification of Conversion B over the course of Period 1 will be performed:
 - (i) for the PRFB which, on the Date of Reference, had a conversion ratio definitively fixed by application of the conversion procedures in force up to the Date of Reference and greater than 1: according to this conversion ratio ("**Acquired Ratio**"), so that the conversion of the PRFB concerned will entail a capital increase; the provisions of article 7.3.6(C) below will be applied, mutatis mutandis;

- (ii) for all the other PRFB: at the rate of one (1) new CSO to be issued for one (1) converted PRFB “**B1 Ratio**”) so that the conversion of PRFB concerned will lead neither to an increase nor a reduction in share capital.
- (D)** The Board of Directors is authorised, with the possibility to delegate to the CEO or to the deputy CEO, at the end of Period 1 and at the latest during the first Board of Director’s meeting following expiry of Period 1:
- (i) to determine the PRFB concerned by the Acquired Ratio,
 - (ii) to check the legality of the exercise of the Right of Conversion B,
 - (iii) to ascertain the conversion of PRFB, for which the Right of Conversion B has been appropriately exercised, into CSO according to, depending on the situation, the Acquired Ratio or B1 Ratio and as a result, the new distribution of Company share capital, and, where applicable, the amount of the immediate subsequent increase in share capital,
 - (iv) where necessary, to withdraw the amount arising from the capital increase, due to the conversion of the PRFB from the available reserve accounts or the profits in accordance with the provisions of article 7.3.6(C) below,
 - (v) to proceed with the statutory amendments and the required publication formalities and,
 - (vi) in general, carry out all necessary steps in connection with the exercise of the Right of Conversion B and its consequences.

7.3.6 Full conversion of PRFB at the end of Period 2

- (A)** Subject to the provisions of article 7.3.7 below (Early Conversion of PRFB), all PRFB not converted at the end of Period 1 will be fully converted into CSO at the Final Date according to the terms provided under the present article 7.3.6.
- (B)** The conversion ratio of the PRFB outstanding on the Final Date (“**B2 Ratio**”), that is, the number of new CSO to which all outstanding PRFB are entitled upon conversion on the Final Date, will be obtained by applying the following formula on the Final Date:

$$B2R = NPRFB \div NCSO$$

Where:

- “**B2R**” refers to B2 Ratio
- “**NPRFB**” refers to the number of PRFB outstanding on the Final Date
- “**NCSO**” refers to the number of CSO to be issued, which depends on the average (volume-weighted) market price of Pierre et Vacances shares over the last three (3) months preceding the Final Date (“**AWP3**”) in such a way that:

If	$AWP3 \leq 10 \text{ €}$	then NCSO =	1 366
If	$10 \text{ €} < AWP3 \leq 15 \text{ €}$	then NCSO =	13 660

If	$15 \text{ €} < \text{AWP3} \leq 20 \text{ €}$	then NCSO =	34 150
If	$20 \text{ €} < \text{AWP3} \leq 25 \text{ €}$	then NCSO =	54 640
If	$25 \text{ €} < \text{AWP3} \leq 30 \text{ €}$	then NCSO =	75 130
If	$30 \text{ €} < \text{AWP3} \leq 35 \text{ €}$	then NCSO =	95 620
If	$35 \text{ €} < \text{AWP3} \leq 40 \text{ €}$	then NCSO =	116 110
If	$\text{AWP3} > 40 \text{ €}$	then NCSO =	136 600

The result obtained for B2R will be shortened to two decimal places.

If, for a given PRFB holder, the number of CSO to be received as a result of the application of the B2R to all the PRFB that they own on the Final Date is not an integer, the number of CSO that they will receive as a result of the conversion of their PRFB will be fully equal to the next lower integer. All PRFB holders irrevocably and definitively waive in advance, without any right to compensation, all rights to possible fractional shares in this hypothesis.

- (C)** If B2R is superior to 1, the conversion of PRFB will result in a number of CSO superior to the number of PRFB fully converted by application of B2 Ratio, giving rise to an increase in share capital for an amount corresponding to the difference between the nominal value of all the CSO issued through the conversion of PRFB and the nominal value of all the converted PRFB in question as a result of the conversion.

This increase in share capital will be carried out on the Final Date by capitalisation, up to the nominal amount of the capital increase, of the following unassigned items and in the following order: issue premiums, other reserves or profits.

- (D)** If B2R is equal to 1, the conversion of PRFB will be performed at a rate of one (1) new CSO to be issued for one (1) PRFB converted, in such a way as that the conversion will imply neither increase nor reduction of capital.
- (E)** The Board of Directors is authorised, with the option to delegate to the CEO or to the deputy CEO, from the Final Date and at the latest during the first Board of Director's meeting following the Final Date:
- (i) to determine the number and the nominal amount of CSO resulting from the conversion of PRFB outstanding on the Final Date and, where applicable, the amount of the immediate subsequent increase in share capital,
 - (ii) where appropriate, to withdraw the amount arising from the capital increase resulting from the conversion of the PRFB on the Final Date from the available reserve accounts or profits, in accordance with the provisions of article 7.3.6(C) above,
 - (iii) to determine the new distribution of share capital as a result of the conversion of PRFB and carry out the subsequent amendments to the statutes,
 - (iv) to delete the PRFB category once all the PRFB have been converted into CSO and make the subsequent amendments to the statutes,

- (v) to accomplish all the required formalities, and more generally, carry out all necessary steps in connection with the conversion of PRFB and its consequences, in accordance with the provisions of the present article 7.3.6.

7.3.7 Early Conversion of PRFB

- (A) By way of derogation from the provisions of article 7.3.6 above, the PRFB not converted at the end of Period 1 in compliance with the provisions of article 7.3.5 above may be prematurely converted (“Early Conversion B”), before the Final Date:
 - (i) in full, in the event of an OPA concerning Company securities and found to comply by the FMA, according to the terms provided for in article 7.3.7(B) below;
 - (ii) at the initiative of the Company, in the event of the occurrence of Early Conversion over the course of Period 2, in accordance with the terms provided for in article 7.3.7(C) below.

- (B) Early Conversion B provided for in article 7.3.7(A)(i) above will take place in full at the Opening Date.

This Early Conversion B will be performed according to a conversion ratio identical to B2 Ratio, it being specified that for the purpose of this ratio, the Final Date will be the Opening Date.

- (C) Early Conversion B provided for in article 7.3.7(A)(ii) above shall result from the express decision of the Company’s Board of Directors (or, upon delegation, of the CEO or any deputy CEO) made according to the following terms:
 - (i) within three (3) months of the observation by the Company's Board of Directors of the occurrence of a case of Early Conversion;
 - (ii) for the totality, and only the totality, of PRFB outstanding on the date of the decision by the Company’s Board of Directors in favour of this Early Conversion B;
 - (iii) by application of a fixed conversion ratio equal to the result of the follow formula: $\text{NPRFB} \div 81,960$ (NPRFB referring to the number of PRFB outstanding at the date of the Early Conversion B).

In the present article 7.3, “**Case of Early Conversion**” means the acknowledgement by the Board of Directors of the effective and available funding of the strategic plan to be finalised and announced in the first half of 2020.

- (D) In the event of Early Conversion B, the provisions of article 7.3.6(C) and of article 7.3.6(D) above will apply, mutatis mutandis, depending on the situation.
- (E) Holders of PRFB converted as a result of Early Conversion B will be informed individually by the Company, by all written means, within eight (8) days at most from the date of Early Conversion B.

- (F) The Board of Directors is authorised, with the option to delegate to the CEO or to the deputy CEO:
- (i) to determine, depending on the situation, the exercise of Early Conversion B provided for in article 7.3.7(A)(i) above or to decide and implement the Early Conversion B provided for in article 7.3.7(A)(ii) above pursuant to the provisions of the present article 7.3.7,
 - (ii) to determine the number and the nominal amount of CSO issued from Early Conversion B and, where applicable, the amount of the immediate subsequent increase in share capital,
 - (iii) where necessary, to withdraw the amount arising from the capital increase, due to the conversion of the PRFB as a result of Early Conversion B, from the available reserve accounts or the profits in accordance with the provisions of article 7.3.6(C) above,
 - (iv) to determine the new distribution of share capital following Early Conversion B and make the subsequent amendments to the statutes,
 - (v) to delete the PRFB category once all the PRFB have been converted into CSO and make the subsequent amendments to the statutes,
 - (vi) to accomplish all the subsequent formalities, and more generally, carry out all necessary steps in connection with the Early Conversion B and its consequences.

7.4 Special rights and obligations attached to Class C preference shares

Class C preference shares (PRFC) are preference shares governed by the provisions of articles L. 228-11 et seq. of the French Code of Commerce as well as by the present statutes.

They also benefit from special rights and are subject to special obligations stipulated in the present article 7.4, which were approved by the Extraordinary General Meeting of 5 February 2020 upon approval by the PRFC holders' Special Meeting of the same day and are therefore in effect since 5 February 2020 (the "**Date of Reference**").

(B) CSO issued as a result of the conversion of PRFC in compliance with the provisions of article 7.4.4(A) above(i) will carry, as of the date of conversion, the same rights and be subject to the same obligations as all Company CSO and (ii) will be entitled to dividends at the date of conversion.

(C) If the date decided upon for the conversion of the PRFC into CSO, according either to article 7.4.5, or to article 7.4.6 or to article 7.4.7 below is set between the publication in the French Bulletin of Statutory Legal Notices (BALO) of a notice for a General Meeting and the holding of said meeting, then the date of conversion will be postponed until the date and conclusion of said General Meeting.

7.4.5 Conversion of PRFC during Period 1

- (A)** From the Date of Reference and throughout Period 1, every holder of PRFC has the possibility of converting all or part of their PRFC into CSO, at C1 Ratio (the “Right of Conversion C”), subject to notifying the Company by recorded letter with acknowledgement of receipt (or any equivalent means) before expiry of the Period 1 (the Notification of Conversion C).

The Notification of Conversion C must be addressed, according to the terms set out above, to the head office for the attention of “Pierre & Vacances SA – Legal Division”.

- (C)** The conversion of PRFC having been subject to a Notification of Conversion C over the course of Period 1 will be performed:

- (i) to determine the PRFC concerned by the Acquired Ratio,
 - (ii) to check the legality of the exercise of the Right of Conversion C,
 - (iii) to ascertain the conversion of PRFC, for which the Right of Conversion C has been appropriately exercised, into CSO according to, depending on the situation, the Acquired Ratio or C1 Ratio and as a result, the new distribution of Company share capital, and, where applicable, the amount of the immediate subsequent increase in share capital,

If	35 € < AWP3 ≤ 40 €	then NCSO =	56 695
If	AWP3 > 40 €	then NCSO =	66 700

The result obtained for C2R will be shortened to two decimal places.

If, for a given PRFC holder, the number of CSO to be received as a result of the application of the C2R to all the PRFC that they own on the Final Date is not an integer, the number of CSO that they will receive as a result of the conversion of their PRFC will be fully equal to the next lower integer. All PRFC holders irrevocably and definitively waive in advance, without any right to compensation, all rights to possible fractional shares in this hypothesis.

- (C)** If C2R is superior to 1, the conversion of PRFC will result in a number of CSO superior to the number of PRFC fully converted by application of C2 Ratio, giving rise to an increase in share capital for an amount corresponding to the difference between the nominal value of all the CSO issued through the conversion of PRFC and the nominal value of all the converted PRFC in question as a result of the conversion.

This increase in share capital will be carried out on the Final Date by capitalisation, up to the nominal amount of the capital increase, of the following unassigned items and in the following order: issue premiums, other reserves or profits.

- (D)** If C2R is equal to 1, the conversion of PRFC will be performed at a rate of one (1) new CSO to be issued for one (1) PRFC converted, in such a way as that the conversion will imply neither increase nor reduction of capital.

- (E)** The Board of Directors is authorised, with the option to delegate to the CEO or to the deputy CEO, from the Final Date and at the latest during the first Board of Director's meeting following the Final Date:

- (i) to determine the number and the nominal amount of CSO resulting from the conversion of PRFC outstanding on the Final Date and, where applicable, the amount of the immediate subsequent increase in share capital,
- (ii) where appropriate, to withdraw the amount arising from the capital increase resulting from the conversion of the PRFC on the Final Date from the available reserve accounts or profits, in accordance with the provisions of article 7.4.6(C) above,
- (iii) to determine the new distribution of share capital as a result of the conversion of PRFC and carry out the subsequent amendments to the statutes,
- (iv) to delete the PRFC category once all the PRFC have been converted into CSO and make the subsequent amendments to the statutes,
- (v) to accomplish all the required formalities, and more generally, carry out all necessary steps in connection with the conversion of PRFC and its consequences, in accordance with the provisions of the present article 7.4.6.

7.4.7 Early Conversion of PRFC

- (A)** By way of derogation from the provisions of article 7.4.6 above, the PRFC not converted at the end of Period 1 in compliance with the provisions of article 7.4.5 above may be prematurely converted ("Early Conversion C"), before the Final Date:

- (i) in full, in the event of a TEO concerning Company securities and found to comply by the FMA, according to the terms provided for in article 7.4.7(B) below;
- (ii) at the initiative of the Company, in the event of the occurrence of Early Conversion over the course of Period 2, in accordance with the terms provided for in article 7.4.7(C) below.

- (B) Early Conversion C provided for in article 7.4.7(A)(i) above will take place in full at the Opening Date.

This Early Conversion C will be performed according to a conversion ratio identical to C2 Ratio, it being specified that for the purpose of this ratio, the Final Date will be the Opening Date.

- (C) Early Conversion C provided for in article 7.4.7(A)(ii) above shall result from the express decision of the Company's Board of Directors (or, upon delegation, of the CEO or any deputy CEO) made according to the following terms:

- (i) within three (3) months of the observation by the Company's Board of Directors of the occurrence of a case of Early Conversion, it being understood that if the decision of the Board of Directors is made before 18 April 2021, the date of the Early Conversion C shall be automatically postponed to 18 April 2021;
- (ii) for the totality, and only the totality, of PRFC outstanding on the date of the decision by the Company's Board of Directors in favour of this Early Conversion C;
- (iii) by application of a fixed conversion ratio equal to the result of the following formula: $\text{NPRFC} \div 40,020$ (NPRFC referring to the number of PRFC outstanding at the date of the Early Conversion C).

In the present article 7.4, "**Case of Early Conversion**" means the acknowledgement by the Board of Directors of the effective and available funding of the strategic plan to be finalised and announced in the first half of 2020.

- (D) In the event of Early Conversion C, the provisions of article 7.4.6(C) and of article 7.4.6(D) above will apply, *mutatis mutandis*, depending on the situation.

- (E) Holders of PRFC converted as a result of Early Conversion C will be informed individually by the Company, by all written means, within eight (8) days at most from the date of Early Conversion C.

- (F) The Board of Directors is authorised, with the option to delegate to the CEO or to the deputy CEO:

- (i) to determine, depending on the situation, the exercise of Early Conversion C provided for in article 7.4.7(A)(i) above or to decide and implement the Early Conversion C provided for in article 7.4.7(A)(ii) above pursuant to the provisions of the present article 7.4.7,
- (ii) to determine the number and the nominal amount of CSO issued from Early Conversion C and, where applicable, the amount of the immediate subsequent increase in share capital,
- (iii) where necessary, to withdraw the amount arising from the capital increase, due to the conversion of the PRFC as a result of Early Conversion C from the available reserve accounts or the profits in accordance with the provisions of article 7.4.6(C) above,

- (iv) to determine the new distribution of share capital following Early Conversion C and make the subsequent amendments to the statutes,
- (v) to delete the PRFC category once all the PRFC have been converted into CSO and make the subsequent amendments to the statutes,
- (vi) to accomplish all the subsequent formalities, and more generally, carry out all necessary steps in connection with the Early Conversion C and its consequences.

7.5 Preference shareholders' special meetings

- (A)** Special meetings can only validly deliberate if the preference shareholders of the category concerned, present or represented, possess at least, upon first convocation, a third and, upon second convocation, a fifth, of the preference shares carrying voting rights. In the event of change or depreciation of capital, the rights of preference shareholders are adjusted so as to preserve their rights in application of the provisions of article L. 225-99 of the French Code of Commerce.
- (B)** At special meetings of preference shareholders, each preference share grants a right of one vote.

ARTICLE 8 - DISPOSAL AND TRANSFER OF SHARES

Common shares are freely transferable and tradable excepting legal or regulatory provisions.

The sale of common shares operates by transfer from one account to another under the terms provided for by law and regulations.

Crossing of thresholds

In addition to the legal obligation to inform the Company when holding certain fractions of the share capital or voting rights, any individual or entity who, acting alone or in concert, comes to hold, a percentage of the capital or voting rights equal to or exceeding 5 % or a multiple thereof, directly or indirectly, within the meaning of Article L. 223-9 of the French Commercial Code, is required to notify the Company by registered letter with proof of receipt within five trading days of crossing each of these thresholds, indicating the number of voting rights and shares held and the voting rights attached thereto. This notice of the crossing of shareholding thresholds also indicates if the shares or attached voting rights are or are not held on behalf of or in concert with any other individual or entity.

If not disclosed as provided above, the shares that exceed the percentage and should have been disclosed are deprived of voting rights at future shareholders' meetings, if one or more shareholders holding collectively at least 5 % of the Company's share capital or voting rights so request and the request is recorded in the minutes of the Shareholders' Ordinary Meeting. The deprivation of voting rights applies to all future Shareholders' Meetings until the expiry of a period of two years from the date the disclosure is made.

Any shareholders whose percentage of interest or voting rights in the Company falls below one of the aforementioned thresholds is also required to notify the Company within the same period and in the same manner.

SECTION III - ADMINISTRATION AND MANAGEMENT

ARTICLE 9 - POWERS OF THE MANAGEMENT BOARD

The Management Board shall determine the strategic direction of the company's business and ensure that this is implemented. Subject to the powers expressly assigned to shareholder Meetings and the scope of the purpose of the company, it shall deal with any issue relating to the proper workings of the company, and its resolutions shall govern all business relating thereunto.

With respect to third parties, the company shall be committed by all actions of the Management Board including any which are not consistent with the purpose of the company, unless it can prove that the third party was aware that any such action did not fall within the purpose of the company or that the third party could not be unaware of this given the circumstances, it being specified that the publication of these articles alone does not constitute proof of same.

The Management Board shall carry out all controls and verifications it deems opportune. Each Board Member shall receive all the information required for the performance of their mission and may be supplied with all documentation they deem germane thereto.

Only the Management Board may resolve to set up investigative committees. The Management Board shall also determine the composition of each investigative committee. It may freely choose the members thereof, who may or may not be trustees or shareholders.

ARTICLE 10 - COMPOSITION OF THE MANAGEMENT BOARD

The Management Board shall be composed of no fewer than three and no more than fifteen members, chosen from among the shareholders and appointed for three financial years by the shareholders' General Meeting.

Any legal person who is a shareholder of the Company may be a Board Member provided that it designates a permanent representative who shall be subject to these same terms, conditions and obligations and who shall carry the same civil and criminal liability as if they were a Board Member in their own name.

The mandate of this permanent representative shall run for the same duration as that of the Board Member which is a legal person and shall be confirmed on each renewal of the latter.

In the event of termination of this mandate, death or resignation of the permanent representative, the Board Member which is a legal person shall be required to notify the Company at once, informing the latter of the identity of its new representative.

Board Members who are natural persons shall be required to qualify as regards conflict of interest and/or plurality of offices as specified in law.

The mandate of Board Members shall cease at the end of the shareholders' Ordinary General Meeting, held during the year in which their mandate expires, at which the accounts of the previous financial year are ruled on.

Outgoing Board Members may be re-elected, subject to the age limit specified below for Board Members who are natural persons.

No person may be appointed Board Member if they are aged over 75 and their appointment would result in over one-third of the members of the Board being aged over 75.

Similarly, if as a result of a serving member of the Board attaining the age of 75, the one-third proportion specified above is exceeded, the oldest Board Member shall automatically be deemed to have resigned at the meeting of the next ordinary general meeting.

Should one or several Board Members' seats become vacant, the Management Board may, between two General Meetings, make temporary appointments under the conditions laid down in Article L. 225-24 of the French Commercial Code. The Board Member appointed to replace another one performs his duties for the remainder of his predecessor's term of office.

If there are fewer than three remaining Board Members, the Management Board shall immediately convene the Shareholders' General Meeting in order to make up the Board numbers.

Should the Board fail to proceed with the required temporary appointments or, in the event of temporary appointments, fail to convene the General Meeting in order to ratify these, any interested party may petition the presiding magistrate of the Commercial Tribunal with jurisdiction covering the location of the registered head office to appoint an agent responsible for convening the General Meeting, either to carry out the required appointments or to ratify the provisional appointments made.

ARTICLE 10 BIS - DIRECTORS REPRESENTING EMPLOYEES

As long as the Company satisfies the provisions of article L. 225-27-1 of the French Code of Commerce, one or two Director(s) representing employees shall be appointed in accordance with the following procedures.

When the number of Directors, calculated pursuant to article L. 225-27-1-II of the French Code of Commerce, is less than or equal to eight, an election shall be organised for employees of the Company and its direct or indirect subsidiaries, whose head office is registered on French territory.

When the number of Directors, calculated pursuant to article L. 225-27-1-II of the French Code of Commerce, is greater than eight, and subject to this criteria always being met on the day of the appointment, a second Director representing employees shall be appointed by the European Employee Representative Committee.

The duration of the mandate for Directors representing employees is set at three years, to run from the date of their election or their appointment, and is renewable.

When the number of Directors, calculated pursuant to article L. 225-27-1-II of the French Code of Commerce, initially greater than eight members, falls below or equal to eight

members, the mandate of the Director appointed by the European Employee Representative Committee is upheld until its term.

The mandate for Directors representing employees may end prematurely under the terms and conditions provided for by law and the present article, and in particular in the event of termination of their employment contract. If the terms of application of article L. 225-27-1 of the French Code of Commerce are no longer fulfilled, the mandate for Directors representing employees comes to an end at the close of the meeting during which the Board of Directors establishes the company's withdrawal from the scope of the obligation.

In the event of a vacancy for any reason whatsoever of a seat of a Director representing employees, the vacant seat shall be filled under the conditions set forth in article L. 225-34 of the French Code of Commerce. Until the date of replacement of the Director(s) representing employees, the Board of Directors may validly meet and deliberate.

The absence of appointment of Directors representing employees by the bodies specified in these statutes, in application of the law and these statutes, shall not affect the validity of the deliberations of the Board of Directors.

ARTICLE 11 - MANAGEMENT BOARD - CHAIRMAN - CHIEF EXECUTIVE OFFICER AND DEPUTY CHIEF EXECUTIVE OFFICERS

The presence of at least one half of the members of the Board shall be required for proceedings to be valid.

Resolutions shall be passed by the majority of members present or represented, with each Board Member having one vote. Votes of Board Members who are represented shall not be taken into account in the calculation of the one-half quorum specified above. (Rights to be represented shall be exercised under the terms and conditions set forth by the regulations concerning application of the law).

The Board shall also appoint a secretary; the latter shall not be required to be a Board Member or shareholder.

Proceedings shall be recorded in minutes kept in a special, numbered and initialled register pursuant to the provisions of legislation in force, signed by the meeting's Chairman and by at least one of the other Board Members in attendance.

Copies and excerpts of these minutes shall be certified by the Chairman of the Management Board or, where appropriate, by the Deputy Chief Executive Officer or Board Member who has been temporarily empowered to carry out the duties of Chairman, or by an attorney-in-fact specifically empowered by the Board for this purpose.

In the event of misconduct or impediment, they may be dismissed by the Ordinary General Meeting.

Furthermore, pursuant to article L. 823-6 of the French Commercial Code, one or more shareholders representing at least 5% of the share capital may challenge the appointment of the Statutory Auditor by the General Meeting and, within 30 days following the appointment of the challenged Auditor, petition the presiding magistrate of the Commercial Tribunal to appoint a Statutory Auditor to perform the former's duties in their place. Shareholders shall meet at least once a year in an Ordinary General Meeting, on the date and at the time and place specified in the notice to attend, within six months following the closing of the financial year, except if this period is prolonged under the terms and conditions set forth in law.

The Ordinary General Meeting may also be convened extraordinarily.

An Extraordinary General Meeting shall be convened in the event of a change to the articles being called for.

A constitutive Extraordinary General Meeting shall meet when verification of contributions in kind or special privileges are called for.

Notices to attend shall be by means of a notice published in one of the approved journals for the publication of legal notices within the Département of the registered head office. Shareholders with registered shares shall be invited to attend by personal letter; at their request, this may be sent by registered post if they advance the costs thereof.

If all shares are registered, the published notice specified in the preceding clause may be replaced by a notice to attend dispatched at the company's expense by registered letter addressed to each shareholder.

The period between the most recent of these letters (or the publication in a journal of legal notices of the notice of meeting serving as a notice to attend) and the date of the Meeting shall be equal to no fewer than thirty days for the first notice to attend and no fewer than six days for any following notices.

3. Agenda

The agenda shall be set by the person issuing the notice to attend. Notwithstanding the above, one or more shareholders representing at least 5% of the share capital shall be entitled to require draft motions, concerning business other than the presentation of candidates to the Management Board, to be included on the agenda subject to the terms and conditions of articles R. 225-71 and R. 225-74 of the French Commercial Code. In order to allow them to exercise this option, shareholders who so request shall be advised of forthcoming Meetings pursuant to the procedures and within the period specified in article R. 225-73 of the French Commercial Code.

If a Meeting is not quorate and therefore unable to pass resolutions, a second Meeting shall be convened in the same way as the first, with the notice to attend specifying the date of the previous Meeting. The agenda of the Meeting may not be changed on the second notice to attend.

The Meeting may not vote on business which has not been included on the agenda.

4. Information to shareholders

Prior to any meeting, shareholders shall be informed in the following manner:

5. Participation and voting in General Meetings

Any shareholder, regardless of the number of shares they hold, may participate in person or by proxy in the Shareholders' Meetings as provided by law. The right to participate in the Shareholders' Meetings is subject to the registration of their shares two (2) business days before the date of the Shareholders' Meeting at midnight, Paris time, either in the registered share accounts maintained by the Company, or in the bearer share accounts maintained by an authorised intermediary. In the latter case, the authorised intermediary must provide a shareholder certificate to that effect.

Shareholders can, under the conditions and within the deadlines laid down by law and in the regulations, send their proxy by any means of remote transmission (including electronically). When use is made of such means, the electronic signature may take the form of a process that meets the conditions laid down in the first sentence of the second paragraph of Article 1316-4 of the French Civil Code. The proxy of a shareholder at the

meeting may be revoked in the same forms as those required to appoint the representative.

If the Management Board so decides, shareholders may take part in the Meeting by means of videoconferencing and vote by any means of telecommunication or teletransmission, including the Internet, under the terms and conditions set forth in applicable regulations at the time these means are used. Notice of any such decision shall be included in the notice of the meeting published in the Bulletin of Statutory Legal Notices (BALO).

Any shareholder may vote by correspondence, using a form which shall be dispatched to them under the terms and conditions set forth in the notice to attend the Meeting and those specified by law. For the purposes of calculation of the quorum and the majority, shareholders taking part in the Meeting by videoconference or any other means of telecommunication enabling them to be identified pursuant to the terms and conditions set forth in the Decree, shall be deemed to be present.

In the event of partition of ownership of a share, only the holder of the voting rights may take part in or be represented at the Meeting.

Co-owners of undivided shares shall be represented at the General Meeting by one of their number or by a single agent who, in the event of dispute, shall be designated by the presiding magistrate of the Commercial Tribunal in a ruling following summary proceedings at the request of the most diligent co-owner.

Legal representatives of shareholders who are legally incapable and natural persons representing legal persons who are shareholders shall take part in the Meeting, irrespective of whether they personally are shareholders.

Double voting rights

The voting right attached to common shares is proportional to the capital that they represent. For equivalent face value, each common share of capital or dividend share grants the right of one vote. A voting right double that which is conferred to other common shares, with regards to the portion of share capital that they represent, is allocated to all fully paid common shares for which a nominative registration can be proven, for at least two years, in the name of the same shareholder.

In the event of an increase in capital due to the integration of provisions, profits or issue premiums, the double right of vote is conferred, upon issuance, to registered common shares allotted free of charge to a shareholder on the basis of old common shares for which they enjoy this right.

All common shares converted to the holder or transferred in property lose the double voting right. Nevertheless, transfer subsequent to inheritance, the liquidation of assets between spouses or the inter vivos donation to a spouse or a relative entitled to inherit, does not incur the loss of the acquired right and does not interrupt the terms provided for at article L.225-123 of the French Code of Commerce. The same goes for transfer following a merger or a scission of a shareholder company.

6. Executive Committee of the Meeting

The General Meeting shall be chaired by the Chairman of the Management Board or else by a Board Member appointed for this purpose by the Board if the latter has issued a notice to attend; otherwise, by an individual appointed by the Meeting; it shall be chaired by the Statutory Auditor, the court-appointed agent or by the liquidator if any of the above issued the notice to attend.

The duties of scrutineer shall be carried out by the two members of the Meeting with the largest number of votes who agree to perform them. The Executive Committee shall appoint a secretary who may or may not be a shareholder.

An Attendance Sheet including the wording and details specified by legislation in force shall be kept; this attendance sheet shall be signed by the shareholders and certified as accurate by the members of the Executive Committee.

Proceedings of the General Meeting shall be recorded in minutes containing all the details set forth in existing legislation and consigned in a special register kept in the same manner as that of the proceedings of the Management Board; these shall be signed and certified as accurate by the Chairman of the Management Board or by a Board Member performing the duties of Chief Executive Officer; they may be properly signed and certified as accurate by the secretary of the Meeting.

7. Miscellaneous provisions

When properly constituted, the General Meeting shall represent the body of shareholders; its resolutions, passed pursuant to law and its articles, shall be binding on all shareholders including any who are absent, in disagreement or are legally incapable.

ARTICLE 17 - ORDINARY GENERAL MEETINGS

1. To be entitled to pass resolutions, an Ordinary General Meeting shall comprise a number of shareholders representing at least one fifth of the shares with voting rights; failing this, the Meeting shall be reconvened. Resolutions passed in this second meeting shall be valid irrespective of the number of shares present or represented; they may deal only with the items on the agenda of the first meeting. Resolutions shall be adopted on the basis of a majority of the votes held by shareholders who are present or represented.
2. The Ordinary General Meeting shall exercise the powers assigned to it by legislation in force; in particular, it shall hear reports from the Management Board and the Auditors; it shall debate, ratify or amend the accounts, decide on the use of profits, establish dividends and board members' fees, appoint or dismiss Board Members and Auditors, ratify their mission, ratify any co-opted Board Members, rule on agreements passed between the Company and its officers, entrust the Management Board with all necessary permissions and discuss any proposal which has been properly included on

the agenda and which does not fall within the remit of the Extraordinary General Meeting.

ARTICLE 18 - EXTRAORDINARY GENERAL MEETINGS

1. Extraordinary General Meetings shall be properly constituted and entitled to pass resolutions only if the shareholders present or represented possess at least one quarter of shares with voting rights when the meeting is first convened or one fifth in the event of a second meeting needing to be convened.

Resolutions shall be adopted on the basis of a two-thirds majority of the votes held by shareholders who are present or represented.

2. The Extraordinary General Meeting may amend all provisions of the Articles of Association provided it does not increase the liabilities of shareholders (except the purchase of fractions of shares in the event of reverse share splits, capital increases or reductions, mergers or de-mergers).

It may, in particular, change the nationality of the company subject to the conditions stipulated by law, amend the corporate purpose, reduce or increase its share capital, extend or limit the term of the Company, and decide on its merger with or de-merger from one or more companies.

The Extraordinary General Meeting may also wind the Company up early or change it into a commercial company of any other form subject to the conditions established in article 1 of these articles and those set forth law (articles L. 225-243 and L. 225-245 of the Commercial Code).

SECTION VI - ACCOUNTS - ALLOCATION AND DISTRIBUTION OF PROFITS

ARTICLE 19 - COMPANY ACCOUNTS

The company year shall run from the first of October of each year to the thirtieth of September of the following year.

At the end of each financial year, the Management Board shall be responsible for having drawn up an inventory of the company's assets and liabilities and annual accounts (balance sheet, profit and loss account and appendices) which shall be made available to the Auditors no later than forty-five days prior to the Meeting and to the shareholders as set forth in article 16 heretofore, pursuant to legislation in force.

The report on transactions in the financial year and the situation of the Company shall be made available to the Auditors no later than twenty days prior to the Meeting.

The Meeting shall be notified of any change in the presentation of accounts documents and appraisal methods in the Board's report which have been approved by the former.

The total amount of commitments approved, endorsed or guaranteed shall be specified at the end of the balance sheet.

ARTICLE 20 - PROFITS - PAYMENT OF SHARE DIVIDENDS

The financial year's net earnings, less general expenditure and other charges for the Company, including depreciation and provisions, shall constitute the net profit or loss for the financial year.

At least one twentieth of the net profit, less any prior losses, shall be set aside to constitute the reserve fund specified by law known as the "statutory reserve", until such time as this fund no longer amounts to less than one tenth of the share capital.

The balance, plus any profits carried forward, shall constitute the profit which is distributable to shareholders.

The General Meeting may set aside any amount it deems fit to establish, either to be carried forward to the following financial year or to be assigned to one or more general or special reserve funds of which it shall determine the destination or use.

Furthermore, the General Meeting may decide to distribute monies withdrawn from the reserves available to it; in this event, any such resolution shall explicitly specify the nature of the reserves from which these withdrawals are made.

For all or part of a distributed dividend, the General Meeting may grant each shareholder the option either of receiving the dividend payment in shares as permitted by law or in cash.

TITRE VII - DISSOLUTION - LIQUIDATION - DISPUTES

ARTICLE 21 - DISSOLUTION - LIQUIDATION

On expiry of the term established in the articles or in the event of advance dissolution for any reason whatsoever, the General Meeting or, where applicable, the Commercial Tribunal, shall decide on the mode of liquidation, appoint the liquidator(s) and establish their powers, all within the limits and conditions and subject to the publication and other obligations specified by legislation in force.

Liquidators shall be appointed for a duration of three years, renewable.

Subject to the restrictions set forth in articles L. 237-6 and L. 237-7 of the Commercial Code, they shall have broad powers to realise all assets of the Company and extinguish its liabilities, including by means of amicable settlement. If so resolved by the Extraordinary General Meeting, they may make a contribution of or grant the transfer of all assets, rights, shares and obligations of the dissolved Company.

The net earnings from the liquidation after settlement of liabilities shall be used to repay paid-up and non-depreciated share capital; any surplus shall be distributed between the shareholders in cash or securities.

At the end of liquidation, the shareholders shall be convened to rule on the final statement of accounts, ratify the liquidator's management, sign off on the latter's mandate and record the closure of liquidation.

Failing this, any shareholder may engage legal proceedings in order for an agent to be appointed to convene this meeting.

ARTICLE 22 - DISPUTES

Any dispute which may arise during the lifetime of the Company or during its liquidation, either between shareholders and the Company or between shareholders themselves with regard to the business of the company, shall be subject to the jurisdiction of the competent courts for the registered head office.

To this end, in the event of a dispute, shareholders shall elect domicile within the same jurisdiction as the registered head office; writs and notices shall be properly served to this domicile.

If domicile is not elected, writs and notices may be properly served at the Office of the Public Prosecutor of the Court of the First Instance with jurisdiction for the territory within which the registered head office is located.

ARTICLE 23

For any matters not expressly set forth in these articles, shareholders shall refer to existing and future legal and regulatory provisions, which, inasmuch as these are binding and relate to public order, shall be deemed to be implicit.
